## **AOTP Education Fund Guidelines**

It was decided at the June 2015 meeting, by the AOTP Committee, that funds would be transferred from the General Fund to the Educational Fund on an annual basis as required.

These funds will be made available to all financial members of the AOTP to assist in attendance at conferences, educational events and meetings.

To apply for funding an **"Application For Funding"** form (which is available on the website) should be completed and submitted to the Committee.

The Committee must receive the completed application form at least **two months** before the date of the event requiring funding.

A limit of \$200 per member has been set and only ten applications will be granted in any one financial year.

Members will only be eligible for a maximum of \$200 within a period of 24 months.
